

Jaxon E. Sprogis

(760) 423-2140 | jsprogis@calpoly.edu | www.linkedin.com/in/jaxon-sprogis | jaxonsprogis.github.io/index.html

EDUCATION

California Polytechnic State University, San Luis Obispo
Bachelor Of Science in Computer Engineering
GPA: 3.85

Expected Graduation: June 2026

SKILLS

Programming Languages: Python, Java, C, Verilog/System Verilog, RISC-V Assembly, HTML/CSS, MATLAB

Languages: Fluent in English with working proficiency in Spanish

PROJECTS

Hydrogen-Based DERMS Algorithm for Grid Firming October 2024 - Present

- Creating an algorithm for the 2025 NMSU WERC Environmental Design Contest to optimize the integration of solar power and hydrogen fuel cells for stable energy
- The solution will scale from a bench-scale system to grid-level operations, accounting for variables like future weather, demand, and pricing to manage renewable energy fluctuations

Personal Website September 2024 - October 2024

- Designed and developed a fully functional personal website using HTML and CSS, hosted on GitHub
- Implemented responsive design for device compatibility, used clean, semantic code for maintainability, and utilized GitHub for version control and collaboration

RISC-V OTTER on Basys 3 Artix-7 FPGA Board January 2024 - March 2024

- Designed and implemented a pipelined RISC-V CPU on a Basys 3 FPGA board
- Developed computer architecture modules and wrote assembly programs, optimizing them for efficiency to test processor functionality
- Integrated interrupts to enhance I/O operations and improve software-hardware interaction

WORK/VOLUNTEER EXPERIENCE

Cal Poly Campus Dining - San Luis Obispo, CA

Jamba - Team Member

November 2022 - Present

- Working as a team to provide a positive customer experience at one of the busiest Jamba locations in California

California Polytechnic State University- San Luis Obsipo, CA

Orientation Leader

April 2023 - September 2023

- Facilitated a transition program for roughly twenty incoming college students alongside my co-leader
- Attended over forty hours of training, planning events, scheduling activities, to create an inviting atmosphere
